VIRGINIA A. McGRAW - Secretary

Many of us find ourselves in a daze as we rush from one activity into another. The school year is filled with activities involving a majority of our students. We find ourselves involved in something new and exciting every day as one season replaces another. We also find that activity stimulates the desire for learning, and through learning we prepare ourselves for the daze of the future.

I would like to thank my annual staff for all of their hard work and cooperation, and I would especially like to thank Mrs. Ralston for her "never ending patience" with us.
